EDITOR GETS ONE YEAR

Russian Journalist Sentenced to Prison.

M. Souverin Convicted of Instigating Riot, Sedition and Armed Revolt.

EFFORT MADE FOR PARDON

In Anticipation of Terrorist Attempt at Bomb Throwing on Monday Police Arrest All Leaders of the Workmen's Council Until Afterward.

ST. PETERSBURG, Jan. 20.—M.

Souverin, editor of the Russ, today was sentenced to a year's imprisonment in the Fortress for the publishing in December last a manifesto of the Workmen's Council announcing the government had declared civil war on the Proletariat and saying the challenge must be accepted.

Efforts are being made to secure a mitigation of the sentence. The accusation was that the article was an incitation to the people to a revolution by publishing proclamations and statements designated to instigate riot, sedition and armed revolt. The sentence imposed on the editor of the most widely circulated paper in Russia and who is also a prominent publicist and litterateur caused a great commotion in all circles of society.

In anticipation of a terrorist attempt at bomb throwing Monday, the police today conducted searches in all the large factories and as a precautionary measure gathered in a large number of leaders of the workmen whom they will detain over Monday. Heavy guards today began patrolling the industrial quarters and rifles have been provided the police. If Monday passes without disorder the authorities are satisfied tranquility will reign till the critical period of the elections to the Douma. The street railway employees and apothecaries voted a general strike Monday but it is believed the decree of the Workmen's Council will be only partly obeyed in the factories and commercial houses. Moscow workmen have not recovered from the last strike and probably will neglect to observe the day.

LIBERALS IN MAJORITY.

Parliament Will Be Liberal by About Five to One.

LONDON, Jan. 20.—Up to this time the total number of members of Parliament elected is 480 of whom 247 are Liberals, 114 Unionists, 40 Laborites, 78 Nationalists, and one Socialist. This leaves 190 seats still vacant.

The Liberals have thus far gained no less than 177 seats, counting the Labor gains as Liberal or government gains. If the same proportion is kept up the Liberals will have 407 votes in the next Parliament to which adding Laborites, Socialist and Nationalists will give Campbell-Bannerman 533 votes against 137 Conservative.

BIG ROBBERY.

NEW YORK, Jan. 20.—The Herald tomorrow will say that Lady Parker, wife of Sir Gilbert Parker, was robbed of \$75,000 in jewels several weeks ago in the Carlton Hotel in London. One morning a well dressed man knocked at Lady Parker's door, and when she opened the door the man apologized, saying it was a mistake. Later in the day, while Lady Parker was absent he effected an entrance to the room by a key. Nothing but a jewel case was taken. From the description the detectives recognized a notorious hotel and sneak thief who was traced to New York and thence to Florida.

CONSIDERS ABUSES

House Discusses Abuses in Expenditure Appropriations.

LITTLE PROGRESS IS MADE

Nearly All the Time Yesterday is Taken Up in Considering the Abuse Which Departments Make of the Deficiency Appropriation Fund.

WASHINGTON, Jan. 20.—Abuses in expenditure appropriations were the text of a discussion in the House today during the consideration of an urgent deficiency appropriation bill.

Little progress was made in the consideration of the bill which will be the continuing topic on Monday.

The portrait of ex-Attorney-General Knox, for which the department of justice asks over \$2000 was again the topic of comment. The most animated discussion of the day, was over an amendment by Keffer of Ohio to increase the amount for transportation of silver coin. It was argued to cut the appropriation meant for the distress in interior sections, where silver is used. On the other hand it was argued the appropriation was abused by the express companies for whose benefit it was stated the appropriation was annually made.

MARYSVILLE, Cal., Jan. 20.—Thousands of sheep were killed in a storm on the ranges of this county during the present week. Some owners lost a third of their flocks. But few lambs survived.

GOVERNOR FOLK SPEAKS ON REFORM

ADDRESSES BOSTON MERCHANTS ASSOCIATION

Says Present Reform Movement Reveals Situation of Brighter Promise to All Lovers of Good Government Upheaval not Transitory.

WEALTH NOT WORSHIPPED WITH SAME DEVOTION AS OF OLD

The Governor Advocates Publicity as a Cure for the Evils of Graft—"There is Nothing," He Says, "A Corrupt Man Fears More Than Publicity and an Aroused Public Conscience. If People Awake, Grafting Can Be Stopped Through the Force of Public Sentiment."

BOSTON, Jan. 20.—Five hundred leading business men of Boston, members of the Merchants' Association, attended the annual dinner of the organization tonight and heard addresses by Governor Folk, of Missouri, Mayor Weaver, of Philadelphia, Governors Guild and Mayor Fitzgerald of this city. Governor Folk in welcoming Governor Folk and Mayor Weaver, paid a high tribute to their achievements. Governor Folk said:

"There have been great reform movements of a political nature in days gone by but they were merely local. The present reveals a situation of brighter promise to the lovers of good government. Reform shows signs of becoming universal instead of local and transitory. Unless this idea of civic right now abroad in the land dies out we will pass from the age of sordid commercialism to the age of high ideals. Even now wealth is not worshipped with the same devotion it used to be. A new standard has been established, new, yet old—just honesty, that is all."

"There is nothing a corrupt man or those who make a business of violating laws fear more than publicity and an aroused public conscience. The prisons might be filled with grafters, yet if the people were indifferent graft-

ing would go on just the same. On the other hand very few might get where they belong, yet if the people are awake grafting can be stopped through the force of public sentiment. The grafters who make money at the expense of the common good do not know good from bad, all they know is whether it pays or not. They are being taught that official grafting, insurance grafting, trust grafting, and private grafting does not pay and when this lesson shall have been thoroughly learned the revolution will be victorious and representative government will be enthroned.

"The greatest enemy to representative government is lawlessness. The trust magnate defies the laws of the state, against combines and monopolies and then calls for the protection of the state for his property. The druggist who people want the law enforced against the man who robs his cash drawer, but thinks he has a right to break the law requiring his saloon to close on Sunday. The burglar defies the lawbreaking of the trust, but considers the statute against housebreaking as an interference with his personal liberty. The hoodler has no use for the pick-pocket, but thinks the statute against bribery is able law. Every law looks blue to the man who wants to break it."

They recommend that players have as many recitations during the football season as any time of the year, that the faculty have charge of the gate receipts, and that no player having received his degree shall be eligible, that the coach shall be a member of the faculty and the number of games each season be limited to five.

Moroccan Delegates Put off Main Argument.

SITUATION AWKWARD

Contraband Committee Completes Draft of Agreement to Be Submitted.

MAKES VARIOUS PROVISIONS

Agreement Will Provide For Different Powers to Prohibit Citizens From Exporting Arms to Morocco—Restricts Coast Patrol Moroccan Waters

ALGERIRAS, Jan. 20.—The committee examining the question of contraband completed a draft agreement which will be submitted to the conference Monday. The agreement while temporarily solving the question seems purposely framed to defer the main issue. The draft provides for various powers to prohibit their citizens from exporting arms to Morocco and the coast patrol is restricted to Morocco's territorial waters, but does not say who shall administer this patrol, leaving open the delicate Franco-German controversy, whether France alone or all the powers shall exercise surveillance, until after the police question is examined.

The foreman of the camp met him outside the tent and ordered the Mexican to throw down his knife. Then Samura started for him with the knife uplifted. The foreman shot the laborer in the back of the neck inflicting a wound from which he died shortly afterwards.
